MEMBRA-THERM PLUS

MEMBRA-THERM PLUS

A highly breathable membrane insert that creates a waterproof barrier between exterior layer of the glove and the insulating materials. It optimizes warmth and comfort by keeping the hands dry.

MULTIFUNCTION POCKET

Pocket positioned on the top of the glove. May be used to insert hand warmers, ski-pass or other small objects. If unzipped during warm days it allows better air circulation thanks to the inner mesh.

14 olive green

GOGGLE & NOSE CLEANER

The mini goggle squeegee helps to easy-clean your lenses. The special velvet fabric on the thumb provides a soft place to wipe your runny nose.

STORM LEASH

This cord is used to secure the glove to your hand with an adjustable plastic. A big advantage when you don't want to wear gloves but want to keep them attached to the wrist.
