**FIT:** Relaxed **CUFF TYPE:** Hybrid

**MATERIAL:** Waterproof goat leather **INSULATION:** Level Loft, Light fleece

**DRY TECHNOLOGY:** Membra-Therm Plus **SUSTAINABLE VALUE:** 75% Organic

**FEATURES:** Hook&loop closure, Storm leash

## MEMBRA-THERM PLUS

A highly breathable membrane insert that creates a waterproof barrier between exterior layer of the glove and the insulating materials. It optimizes warmth and comfort by keeping the hands dry.

## EMBOSSSED DETAILS

A sleek LEVEL patch with embossed details for an extra touch.

## WATERPROOF GOAT LEATHER

A soft waterproof leather, used mainly for ski gloves in areas which are exposed to high abrasion such as the palms or between the thumb and index finger.

## STORM LEASH

This cord is used to secure the glove to your hand with an adjustable plastic. A big advantage when you don't want to wear gloves but want to keep them attached to the wrist.
