MEMBRA-THERM PLUS

## MEMBRA-THERM PLUS

A highly breathable membrane insert that creates a waterproof barrier between exterior layer of the glove and the insulating materials. It optimizes warmth and comfort by keeping the hands dry.

## EMBROIDERY DETAILS

A sleek embroidered pattern with embossed details for a fashionable look.

## WATERPROOF GOAT LEATHER

A soft waterproof leather, used mainly for ski gloves in areas that are exposed to high abrasion such as the palms or between the thumb and index finger. The embroideries on the palms are Kanji; the one on the left means "snow," and the one on the right means "happiness!"

## REINFORCED LEATHER PALM

Abrasion-resistant goat leather patches on palm and index finger for both stretch and durability.
