MEMBRA-THERM PLUS

A highly breathable membrane insert that creates a waterproof barrier between exterior layer of the glove and the insulating materials. It optimizes warmth and comfort by keeping the hands dry.

QUILTED FABRIC

Our quilted fabric offers a combination of comfort and style. It delivers timeless aesthetics, making it a versatile choice.

EMBOSSED DETAILS

A sleek LEVEL patch with embossed details for an extra touch.

WATERPROOF FABRIC TREATMENT

The fabric is laminated with a process that permits to add a breathable waterproof membrane to the outer material, optimizing warmth and comfort while keeping the hands dry.

STORM LEASH

This cord is used to secure the glove to your hand with an adjustable plastic. A big advantage when you don't want to wear gloves but want to keep them attached to the wrist.

WATERPROOF GOAT LEATHER

A soft waterproof leather, used mainly for ski gloves in areas which are exposed to high abrasion such as the palms or between the thumb and index finger.

SUBLIMATED DESIGN

Different motifs are digitally printed on both shells for a trendy-inspired glove.

ADJUSTABLE STRAP

This closing system makes it easy to fit under jackets therefore offering a better closure.
