## SUPERFABRIC®

SuperFabric is a material that's longer lasting, has higher durability, and is designed for everything from extreme applications to rugged daily usage.

## WATERPROOF GOAT LEATHER

A soft waterproof leather, used mainly for ski gloves in areas which are exposed to high abrasion such as the palms or between the thumb and index finger.

## PULLER

A wider puller inserted in underside of cuff helps to properly wear the glove/mitten

## SPECIFIC PALM CUT

The improved palm-shape facilitates gripping ski poles and offers better sensibility
