GORE-TEX

The innovative ePE membrane provides durable waterproof, windproof, and breathable protection, ensuring long-lasting performance while being PFAS-free. It blocks wind to preserve warmth and allows moisture to escape, keeping your hands dry and comfortable.

MULTILAYER PRIMALOFT®

Soft insulation fabric. An insulation that is water repellent! Unlike down, it won't hold water so it even keeps you warm when it's wet! A warm and soft feeling that offers good breathability.

KNUCKLE FLEX

Stretch flex knuckle panels for added comfort and ease of move.

SILVER LINING

Little silver dots reflect and retain the warmth your body generates, while dissipating moisture and excess heat.
