MATERIAL: Water resistant micro fabric, Waterproof goat leather palm **INSULATION:** Multilayer Primaloft, Silver lining **DRY TECHNOLOGY:** GORE-TEX - Warm **FEATURES:** Short cuff, Hook&loop closure, Stretch fabric, Safty leash

GORE-TEX

The innovative ePE membrane provides durable waterproof, windproof, and breathable protection, ensuring long-lasting performance while being PFAS-free. It blocks wind to preserve warmth and allows moisture to escape, keeping your hands dry and comfortable.

MULTILAYER PRIMALOFT®

Soft insulation fabric. An insulation that is water repellent! Unlike down, it won't hold water so it even keeps you warm when it's wet! A warm and soft feeling that offers good breathability.

ADJUSTABLE STRAP

This closing system makes it easy to fit under jackets therefore offering a better closure.

GOAT LEATHER PALM

This tough and protective palm combines woven water-resistant micro fabric and goat leather for both stretch and durability, while a GORE-TEX waterproof and breathable insert keeps intruding moisture at bay.
