## GORE-TEX

The innovative ePE membrane provides durable waterproof, windproof, and breathable protection, ensuring long-lasting performance while being PFAS-free. It blocks wind to preserve warmth and allows moisture to escape, keeping your hands dry and comfortable.

## PREFORMED FINGERS

This is a special anatomical construction that permits a preformed shape. The preformed shape reduces wrinkles on the palm and guarantees better fit and sensitivity.

## ADJUSTABLE STRAP

This closing system makes it easy to fit under jackets therefore offering a better closure.

## SILVER LINING

Little silver dots reflect and retain the warmth your body generates, while dissipating moisture and excess heat.
