MULTILAYER PRIMALOFT®

Soft insulation fabric. An insulation that is water repellent! Unlike down, it won't hold water so it even keeps you warm when it's wet! A warm and soft feeling that offers good breathability.

MEMBRA-THERM PLUS

A highly breathable membrane insert that creates a waterproof barrier between exterior layer of the glove and the insulating materials. It optimizes warmth and comfort by keeping the hands dry.

LASERED DETAILS

Laser-etched pattern on distressed leather for a rugged vintage look

ELASTIC CUFF

Experience the perfect fit with our elastic wrist cuff. Designed for flexibility and snugness, it ensures your glove stays comfortably in place, even during your most dynamic activities.
