05 beige

MULTILAYER PRIMALOFT®

Soft insulation fabric. An insulation that is water repellent! Unlike down, it won't hold water so it even keeps you warm when it's wet! A warm and soft feeling that offers good breathability.

MEMBRA-THERM PLUS

A highly breathable membrane insert that creates a waterproof barrier between exterior layer of the glove and the insulating materials. It optimizes warmth and comfort by keeping the hands dry.

COZY FUR

Stay warm and cosy. A thick fur cuff for optimum warmth and comfort. This model is ideal for adding a touch of glamour to your winter looks.

WATERPROOF GOAT LEATHER

A soft waterproof leather, used mainly for ski gloves in areas which are exposed to high abrasion such as the palms or between the thumb and index finger.
