DESCRIPTION: As soon as this mitten landed on our catalogue, it became a favourite among the women in our Snowboard and Freeride team. The Membra-Therm Plus technology makes sure that this model is always warm and dry. This system separates the inner part from the outer layer, keeping away the wet feeling on a cold day. The short cuff can be easily worn underneath your ski jacket, preventing cold air from getting inside. The silicone details on the palm ensure that the grip is always at its best in every situation. The Coral Mitten is available in different colour versions, filled with its young and smart soul.
